Re: Yosemite Creek Superfund Site; General Notice of
Potential Liability letter dated 2/21/08

Dear Mr. Reiner:

This is in response to the subject letter to United Technologies Corporation (UTC) and others.

As requested in the subject letter, the following is the name, address and telephone number of the person to whom EPA should direct future correspondence addressed to UTC regarding this matter:

William F. Leikin
Assistant General Counsel
United Technologies Corporation
One Financial Plaza, Mailstop 524
Hartford, CT 06101
Tel: (860) 728-6430
Efax: (860) 660-0557
Email: william.leikin@utc.com

The subject letter also requested us to provide EPA:

1. Names, company affiliations and contact information of members of the PRP Steering Committee.
2. Name, company and contact information for the spokesperson for the PRP Steering Committee.

We are not aware of this specific information. Based on information in our files, our former Chemical Systems Division was an Inactive De Minimis PRP at the Bay Area Drum Site and we participated in a cash-out settlement agreement with the Bay Area Drum Ad Hoc PRP Group. It appears that, at least, as of March 2001, the contact person for this PRP Group was Attorney Nicholas W. van Aelstyn, at Heller Ehrman in San Francisco.

Very truly yours,

A handwritten signature in black ink that reads "Bill Leikin".

William F. Leikin
Assistant General Counsel
